Beyond the Science Wars: The Missing Discourse about ...

Beyond the Science Wars offers a broad contextualization of the "Science Wars"--an ongoing debate between scientists and social scientists over the nature and meaning of science--from interdisciplinary sociological, historical, scientific, political, and cultural perspectives. Beyond providing an understanding of the conflict itself, this book presents the comments of two science and technology studies' (STS) "founding fathers" (Bernard Barber and John Ziman), a scientist's protest that STS ...
