Two workshops have already resulted in published issues of the Independent Journal of Burmese Scholarship, and papers from a third will comprise the forthcoming issue. Since the terrain of possibilities is constantly changing and because there is as yet no new media law guaranteeing freedom of expression, we remain alert to need to adapt to the openings afforded us.

Transitions Journal: A Mini Workshop | Roben-Marie Smith
Workshops are used to explore a specific topic, to transfer knowledge, to solve identified problems, or to create something new. In funded research projects and other research endeavours, workshops are the mechanism used to gather the wider project, community, or interested people together around a particular topic. However, natural questions arise: how do we measure the impact of these workshops?

Ten simple rules for measuring the impact of workshops
The Research Impact Measurement team at NUS Libraries provides consultations on matters related to citation metrics, using databases, journal metrics, author profiles, NUS Elements, predatory publishing and provides advice on citation metrics for Annual Reviews, Promotion & Tenure or benchmarking.
