Living Environment - Commack School District

Sometimes the connections are not what we expect or would predict, and sometimes we may have a hard time explaining the connections. Nevertheless, that is how science makes progress. In this part of the laboratory activity, you will make a few observations about yourself and your classmates; then you will look for patterns or connections. Safety

Scanned Document

In biology, attempts to answer the question of how molecules make up cells and cells make up organisms have led to various proposals of compositional hierarchies of different levels of biological organization of living systems and their component parts [2,3,4,5,6,7,8,9,10,11,12,13,14,15,16,17,18,19,20,21,22].
