2018 Training Needs Assessment Survey Report

Training Needs Assessment (TNA) looks at the operational task range and the needs of employees, making it possible to correctly identify all the human elements. When that's done, specific types of training can be considered, so the most suitable one can be selected.

Training Needs Assessment (TNA): Definition & Explanation ...

Training Needs Analysis (TNA) – Things to consider The way a TNA process is managed must depend on the culture (how things are done here). There is no point centralising the process if budgets are distributed across the organisation, equally there is no point delegating responsibility for the TNA process if managers have no say in the ability to offer solutions to meet needs.

Training Needs Analysis (TNA) - sample templates

INTRODUCTION. The purpose of this report is to present the findings of the training needs analysis (TNA) which was completed for the Middle Managers on salary levels 9 - 12 from the Department of Arts and Culture with specific reference to managerial competencies.
